SUMMARY

Detail-oriented B.Tech Computer Science student specializing in Data Science with a strong foundation in machine learning, statistical inference, and front-end development. Passionate about building intelligent, data-driven applications and solving real-world problems through clean software systems and intuitive user experiences.

EDUCATION

GITAM (Deemed to be University)

B.Tech. Computer Science & Engineering – 9.7 CGPA

Narayana Jr College

Intermediate – 96.4%

Narayana Concept School

10th Class – 95%

Rudraram, Sangareddy Dist.

2023 – Present

Mehdipatnam, Hyderabad

2021 – 2023

Panjagutta, Hyderabad

2021

SKILLS & ABILITIES

- Problem-solving
- Team collaboration
- Communication
- Analytical thinking
- Adaptability
- Project ownership

TECHNICAL SKILLS

- **Languages:** C, Python, Java, JavaScript, R
- **Frameworks:** React, TensorFlow, Scikit-Learn, FastAPI, Streamlit
- **Developer Tools:** Git, GitHub, VS Code, Expo, Figma
- **Libraries:** Pandas, NumPy, Matplotlib, Prophet
- **Web Technologies:** HTML, CSS

PROJECTS

- **AgriSmart** (Python, Expo, React, Machine Learning) – Built an IoT-based agriculture system with ML-driven irrigation and crop recommendations.
- **Dishventory AI** (Python, React, Prophet, FastAPI) – Developed an AI kitchen inventory platform for demand forecasting and waste reduction.
- **Voice Chess (Ongoing)** (Python, Streamlit, APIs) – Developing a voice-controlled chess platform with NLP-based move interpretation.
- **FinSight (Ongoing)** (Python, React, Machine Learning) – Building a financial insights platform using transaction classification.

CERTIFICATIONS

- Version Control – Meta (Aug 2024)
- JavaScript – Meta (Aug 2024)
- HTML and CSS in Depth – Meta (Sept 2024)
- Advanced React – Meta (Aug 2025)

LEADERSHIP / EXTRACURRICULAR

- **ENIGMA, Tech Lead** Sep 2025 – Present
Defined the club's tech stack and Git workflow.
- **DISHA, Secretary** Oct 2024 – Dec 2025
Managed team coordination and helped organize campus events.
